# SHOW CLASSIFICATION

---

**JUDGE: DWIGHT GRIFFITH**

**Fredericktown, Ohio**

**SHOW: 9:30 A. M., Tuesday, April 8, 1952**

For the purpose of this show all animals have been divided into classes according to age and sex. There will be two classes of bulls and four classes of females. Each sex will have a champion and reserve champion. First prize animals in each class will be eligible to show for championship honors. The second prize winner in the class where the champion is selected may show for reserve champion.

The ribbons are furnished by the American Shorthorn Breeders' Association.

## **GRAND CHAMPION FEMALE**

## **RESERVE CHAMPION FEMALE**

We recommend this sale as the place to buy purebred Shorthorn cattle in the east this spring. The seventeen Shorthorn bulls offer the best in modern day breeding and quality. The female offering is especially attractive due to the fact that there are sixteen young cows selling. These cows have calves at foot or are near calving. Buying combinations such as cows and calves are always the soundest investment. The open and bred heifers are sired by the breed's best bulls, and they are of foundation quality.

# **STANDARD GUARANTEE**

**of**

## **American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of the date of purchase, or by the time the bull is twenty months of age, if purchased under fourteen months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not selling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee, the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
